Electricity Monitor Kit

Worried about energy costs? Would you like to cut down on electricity costs by finding out what home appliances are costing you the most? The PUD now has “Kill A Watt” electricity monitor kits available for a weekly checkout to all Clatskanie

PUD customers free of charge. Included in this kit is a usage monitor (pictured above left), which tracks the electric usage of devices in your home as they are turned on and off. After using the kit, you will know exactly where your money is going and figure out how to decrease your monthly electric bill. To checkout a kit, call the PUD or you visit our website for more information.

Employee Highlight

Clatskanie PUD college student intern Mike Simmons recently obtained his Associate in Arts Degree from Clatsop Community College. Mike, a 1995 graduate of Clatskanie High School, started his internship in the engineering department at the PUD June 2007. He will continue his internship as he pursues his Bachelor of Science Degree in Electrical Engineering at Portland State University. According to Mike, his time at the PUD has been challenging and a great opportunity to learn from others. Mike looks forward to completing his education and starting his career in the electric utility industry.

Free Bus Rides for Seniors

Clatskanie PUD, West Oregon Electric and Columbia River PUD are sponsoring free bus rides from local senior centers and assisted living facilities on Wednesday, July 15th for Senior Day at the Columbia County Fair. Seniors over 60 will also receive free entry into the fair that day. You must sign up for the bus ride by calling Columbia County Rider at (503) 366-0159.
