BUDGET PAYMENT PLAN

Have you heard of or considered signing up for Clatskanie PUD's **Budget Payment Plan**? The **Budget Payment Plan** is a 12 month program available to residential and small commercial customers of Clatskanie PUD. The program is designed so your electric bill will be the same amount each month, giving you the certainty of not having to pay higher bills in the winter. We will determine your average monthly payment based on past usage and payment history for the last 12 months. On an annual basis, your actual electricity usage is compared to the pre-determined estimated usage and at that time, your account will be adjusted. In this true-up process, we will credit your account for overpayments or debit it for underpayments.

Open enrollment for the **Budget Payment Plan** is scheduled for April through September. Contact one of our Utility Service Representatives today to see if you qualify. They will analyze your account and discuss all of the program options with you.

Scheduled Outages

Wouldn't you like to know when you will be affected by a scheduled power outage? Our procedure is to call those customers who will be directly affected by an upcoming scheduled outage prior to the outage; however, we have recently found that a lot of phone numbers on file are not valid. If you have changed or added a phone number, please take a few minutes and let us know.
