### New Headquarters Opens for Business

Clatskanie People's Utility District (CPUD) opened the doors today for the first day of business at their new headquarters. The new location, which is conveniently located along Highway 30 in Clatskanie, houses the administration office building, warehouse, maintenance shop, storage and pole yard. Consolidating all of the services and buildings into one location is a great improvement for CPUD and its customer-owners.

Modern efficiencies are incorporated into the new facility and it has been built to serve the PUD and community for decades to come, just as the old facility had for the past 60+ years. CPUD is also pleased to share a new river walk trail with the community, which runs around the perimeter of the property along the banks of the Clatskanie River and Conyers Creek.

An open house is planned for June 8. Detailed information on the facility and group tours will be available at the open house.
