

Duct Sealing Rebate Program Information

Clatskanie PUD is offering to test and seal ducts in residential homes, using certified Performance Tested Comfort System (PCTS) technicians.

◉ ELIGIBILITY

1. This program is available to residential Clatskanie PUD customers.
2. You must heat your home with an electric furnace or heat pump.
3. Your home must be a site built dwelling or manufactured home.
4. A certified technician will pressure test the system and use diagnostic equipment to determine the amount of leakage from the ducts. If leakage is above prescribed standards, the technician will repair and seal the ducts to bring them into program compliance.

◉ PROCEDURES

1. Contact Clatskanie PUD at 503-728-2163 to arrange a home energy audit.
2. The PUD will inspect your duct system to determine if it qualifies for the program.
3. If the system needs to be sealed, contact a certified contractor for price quotes. Clatskanie PUD has a list available at www.clatskaniepud.com.
4. Select a contractor and authorize them to perform work.
5. Upon completion, the contractor will submit paperwork to PUD for approval.
6. Clatskanie PUD will contact you to arrange a final inspection.
7. Upon satisfactory inspection, your rebate will be processed within three weeks.

◉ INCENTIVES

Rebates are available through Clatskanie PUD. Program is subject to change. Contact Clatskanie PUD for list of rebates available at 503-728-2163.

Federal and State Tax credits may also be available: visit www.energystar.gov or www.oregon.gov/ENERGY for more information.
