

Weatherization Rebate Program Information

Clatskanie PUD will provide energy efficiency audits to all residential customers. In addition, rebates are available to qualifying residential electric heat customers to install insulation, windows and other energy efficiency measures.

◉ ELIGIBILITY

1. This program is available to residential Clatskanie PUD customers.
2. Home must be owner-occupied or rental units with the owners signed permission. Mobile homes qualify for limited measures under this program.
3. Your home's primary heat source must be electric heat such as electric furnace, wall heater, heat pump, baseboard or ceiling cable heat.

◉ PROCEDURES

1. Schedule a free home energy audit with Clatskanie PUD. Allow 60-90 minutes for evaluation.
2. After the audit, you will receive a report that details recommended energy conservation measures and any qualifying rebates.
3. Determine the recommended energy conservation measures you wish to complete. If it is a do it yourself project, provide the PUD with receipts for materials purchased.
4. Contact the PUD when work is completed.
5. A post-installation inspection is conducted by a PUD auditor to ensure the installation meets the specifications of Clatskanie PUD's program.
6. Incentives will be paid after all required documents are received by the PUD.

◉ INCENTIVES

Rebates are available through Clatskanie PUD. Program is subject to change. Contact Clatskanie PUD for list of rebates available at 503-728-2163.
